

Solution 1 : Outsourcing to Detralytics

Detralytics can help you **manage your Actuarial Function** by outsourcing the entire process to us. Outsourcing to Detralytics will guarantee you:

- The **independence of the Actuarial Function**, while integrating it into the organization.
- The **effectiveness of the second line of defense** with experienced consultants.
- **Support for teams or calculations** by our consultants.

Solution 2 : Support to your Actuarial Function

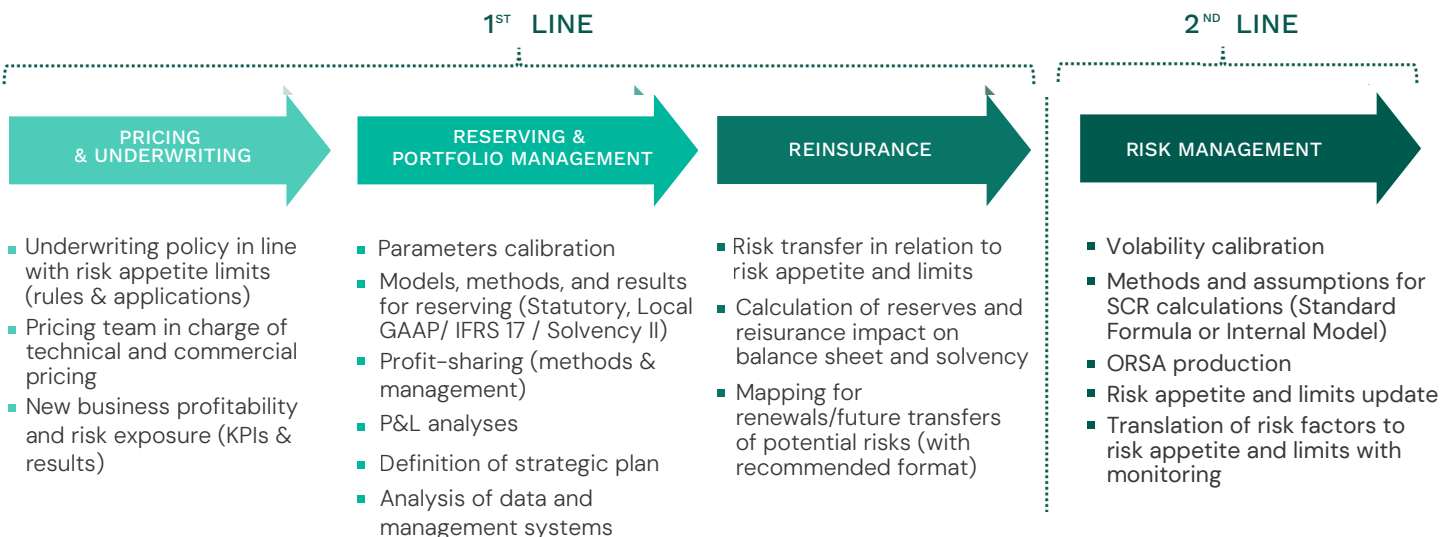

Detralytics can help you **set up your Actuarial Function**, as well as **enrich your Actuarial Function** and **fill your actuarial report** by conducting studies on:

Solution 3 : Comprehensive Independent Reviews

On any portfolio of your choice, we can carry out a **Comprehensive Independent Review (CIR)**, studying **the entire value chain** to:

- Identify actions to **improve profitability and strategic management**.
- Strengthen the **knowledge and role of the Actuarial Function** within the organization.
